Appalachian-Style Ladder Back Chair Classes

2-Slat Ladder Back Chair **Duration: 5 Days** **Class Size: 2** **Cost: \$950.00**

Description: This oak chair provides the basic knowledge and skill building exercises necessary to create more complex chairs in the future. It is a rustic representation of the Appalachian mountain "settin chair" with a woven hickory bark seat. Primary emphasis on the use of traditional chair making tool, i.e., spoke shave, draw knives and the use of a shaving horse. All tools and materials for this class are included in the class fee.

3-Slat Ladder Back Chair **Duration: 5 Days** **Class Size: 2** **Cost: \$1250.00**

Description: This cherry chair provides a sophisticated dining chair with strong, complex joinery. The hickory bark seat colors blend beautifully with the cherry. The construction of this chair introduces the use of power tools, i.e., band saw and lathe. Class fee includes all materials. A supply list of required woodworking tools will be provided upon enrollment.

4-Slat Ladder Back Side Chair **Duration: 5 Days** **Class Size: 2** **Cost: \$1550.00**

Description: This cherry Captain's arm chair is an elegant dining or occasional side chair. The arms provide excellent practice exercises for sculpting wood and creating more complex joinery. Class fee includes all materials. A supply list of required woodworking tools will be provided upon enrollment.

6-Slat Ladder Back Rocking Chair **Duration: 5 Days** **Class Size: 2** **Cost: \$1950.00**

Description: The cherry rocking chair provides all the challenges of the previous chairs plus new experiences in bent lamination and more complex joinery. Class fee includes all materials. A supply list of required woodworking tools will be provided upon enrollment.

Windsor-Style Chair Classes

Sack-Back Windsor Chair **Duration: 5 Days** **Class Size: 2** **Cost: \$1050.00**

Description: The colonial Windsor chair is made with traditional materials: oak, maple and pine. Draw knives, spoke shaves, travishers, adz, spoon bits and scorps will be used to make this rustic chair. All tools and materials for this class are included in the class fee.

Continuous Arm Windsor Chair **Duration: 5 Days** **Class Size: 2** **Cost: \$1150.00**

Description: The Continuous arm Windsor chair provides experience in steam bending wood in both the radial and tangential grain direction. Creating extra strength with back bracing is an important part of this chair. Class fee includes all materials. A supply list of required woodworking tools will be provided upon enrollment.
